My vision is a world without blood cancers. Please join me in supporting The Leukemia & Lymphoma Society (LLS) by making a donation to my *Visionaries of the Year* campaign.

I have joined a team that is driven, passionate, and motivated to find cures for blood cancers. Our team is working tirelessly to raise as much as possible so that we can help make our shared vision a reality.

A world without blood cancers starts with you. Thanks to your support, LLS is able to fund critical research and offer patient support through efforts like The LLS Children's Initiative, a new, 360-degree approach to finding cures and care for pediatric blood cancer. Over the years, efforts from people like you have been responsible for the blood cancer advancements that have doubled, tripled, and in some cases quadrupled the survival rate for some blood cancers.
